BILL OF FARE

CITY OF KEENE.

- Ward 4. GARDNER C. HILL.
FRANK W. NIMS.
FRANK H. WHITCOMB.
Ward 5. CHAS. P. PITCHER.
ANDREW J. WILLIAMS.
JAMES M. GOWDEY.

Prayer was offered by Rev. J. W. Adams, after which the Mayor delivered his inaugural address.

After the prayer and inaugural address, Jerry P. Wellman was elected City Clerk, and Edwin O. Keith, City Messenger.

At 7.30 p. m., the Common Council organized by the choice of Gardner C. Hill as President and James E. Parmenter, Clerk.

MAYOR VIALL'S ADDRESS.

Gentlemen of the City Councils :—

Having been chosen by the voters of this city and in accordance with the law and customs established for centuries past in all municipalities, we have assembled on this occasion, and by our oaths of office are to accept the trusts as the servants of the people in the administration of their municipal affairs. Let us ever be mindful of the watchful care of our Divine Creator who doeth all things well, and who has thus far saved and protected us, and our beautiful city, from any dire calamity or pestilence. May we invoke His aid and protection for the future as in the past, and may He endow us with that spirit of friendship and brotherly love which is so essential to a peaceful and harmonious solution of all our undertakings. Peace and harmony of action among all our people is necessary for the general growth and prosperity of our city, which at present seems to be in a generally healthy and prosperous condition, except such interests as have been (I trust) but temporarily impaired by the adoption of extreme measures in the enforcement of what seem to be partial and obnoxious legislative laws, which in my opinion, fail to accomplish the purpose for which they were intended.

Temperance and morality are the fundamental principals of good government, and with all other matters pertaining to the general welfare of our people and to the duties imposed

upon us by our respective offices, should have that due consideration and respect to which all, whether high or low, rich or poor, humble or exalted, are entitled. We are also to protect the interests of the city and to see that none of its finances are unreasonably disbursed, or injudiciously expended, as our general prosperity depends largely upon the liberality and moderation with which our municipal affairs are governed. With this in view I desire to briefly call your attention to some of the more important matters upon which we shall be called to act during the coming year.

FINANCES.

Finances are first to demand our attention, and are of interest to all. Our bonded indebtedness at the closing of the accounts for the past fiscal year was as follows:

Water loan bonds (old issue) 5 and 6 per cent.,	\$90,500
Railroad gratuity bonds, 4 per cent.,	150,000
Sewerage bonds, 4 per cent.,	70,000
New water loan bonds, 3½ per cent.,	57,000
<hr/>	
Total bonded indebtedness,	\$363,500

as against \$364,000 at the close of the fiscal year of 1887. If you deduct from this the water loan sinking fund, which amounts to \$48,456, we would still have a bonded indebtedness of \$315,044, not taking into account the water works and other income paying property. The fact of the water bonds maturing at irregular intervals necessitated the establishment of a sinking fund so as to maintain a uniform rate of taxation; and in view of the fact that \$90,000 of the railroad gratuity bonds become due on or before the time when the old issue of water bonds shall have been paid, it seems to be important that on such years as less than \$10,000 of the water

bonds become due, additions should be made to the sinking fund until such time as the fund will provide for the payment of all water and railroad gratuity bonds maturing prior to 1900.

On account of the unusual amount of \$21,700 of the water bonds becoming due this day, an order already having been passed for a draft of \$11,700 from the sinking fund to apply on this account. I would recommend that the balance of \$10,000 be paid from any money in the treasury and that instead of applying the usual amount of \$10,000 to the sinking fund during the coming year, that it be used for this purpose.

The recommendations of the committee on finance for the year past, to raise \$30,000 by taxation, and the usual appropriations for general expenses, amounting in all to \$52,345, seems to be adequate for the payment of interest on bonds and all city charges, including the \$10,000 to be paid on account of maturing bonds: but I see no way in which these recommendations could with safety be reduced.

It seems unnecessary for me to more than casually mention State, County and School taxes as they are required by statute and independently assessed and collected from the \$30,000 of city taxes, and will probably not materially change the average rate of taxation. I would therefore recommend the raising of \$30,000 by direct tax according to the suggestions of our predecessors.

While the balance in the treasury on December 8, was \$8,558 less than the preceding year, the cash assets on that date, including the sinking fund, had increased \$9,013: if we should deduct from this the \$11,700, the amount of drafts on the sinking fund in payment of water bonds which fall due today, we have a decrease in the cash assets of \$2,687 during the past year: but as the interest account has been reduced

\$1,300 for the coming year, and no more bonds fall due until July 1, 1890, the cash assets will undoubtedly increase during the year if no extraordinary expenses should have to be incurred so as to stand in December, 1889, substantially as they did one year ago.

HIGHWAYS AND STREETS.

This is one of the most important matters to which I desire, at this time, to call your attention. I find that the average annual expenditure for the last five years has been nearly \$11,000 per year, a portion of which seems to have been expended in laying drains and grading for concrete walks, and should not in reality be chargeable to this department but should constitute a department of itself. The roads in the hill districts and outside of the thickly settled portion of the city, as far as my observation extends, have been kept in very good repair during the past year, and much better in proportion to their locality than some of our principal streets which have been in a very unsatisfactory condition; some of this however has been unavoidable on account of the relaying of a portion of the principal water mains.

Under the present system of conducting this department we have no reason to complain but what as much has been accomplished, and the funds as judiciously expended as we could reasonably expect. Repairing the streets with worn out or unsuitable material is, in my judgment, a useless expenditure, and very unsatisfactory to the average tax-payer. In this respect I am inclined to think there is no department to which the tax contributor pays his money more willingly than this; and although larger sums are annually expended than he might think proper, if good and smoother roads are obtained, my experience has been that he seldom complains.

The very poor condition of the natural soil of which some of our roadbeds are composed, and our unfavorable situation in relation to obtaining a good road gravel, except at great expense, is a matter which needs much study and investigation. However, I am of the opinion that one of the following methods should be adopted: Either to procure river gravel and separate it so as to be of uniform size, procure a rock crusher and establish a plant for macadamizing, or to use the granite paving in such places as would seem to require it and the best common gravel obtainable for the balance. I would suggest that as an experiment that portion of Roxbury street near the post office, and a strip twelve to fifteen feet wide around the park in Central Square be laid with granite paving. I would not deem it advisable to make an unwarranted outlay on any streets which would be likely to be disturbed by the relaying of water pipes, until such work had been completed. That we may be able to adopt the very best system possible, in our present situation, I would recommend that this matter of highways be carefully considered by a committee for that purpose, and that they report some plan to be carried out. The sidewalks have been very much improved during the last three years and the new concrete walks, as far as I am able to judge, are fully up to our expectations. I would recommend that as much new concrete as our appropriations will admit of be laid during the year, and that it may include the cross walks and walks through the Park in Central Square.

It would seem that the outlay already made in establishing good sidewalks would stimulate the people to keep them clear of ice and snow during the Winter months. In many instances they are entirely neglected, and not only untidy, but in a dangerous condition. In view of this fact I would call your attention to an ordinance passed Nov. 17, 1887, in relation to

removing snow from the sidewalks, and would recommend that it be strictly enforced.

STREET LIGHTS.

I think we can congratulate ourselves in having an excellent system and one of which we can justly feel proud; but, from the numerous petitions which I understand to have been presented within the last year, more light is called for. From this it would seem that the electric light had become a public necessity, and while we should feel disposed to treat all as liberally as possible in this respect, we could not at present consistently make many extensions or incur very much more expense and keep up our other departments so as to be in harmony with this. It seems to be an acknowledged fact that the electric light meets the approval of a large part of our people; at the same time it would be well to consider that it is an expensive luxury and ought to be kept within reasonable bounds.

FIRE DEPARTMENT.

This department seems to be in good condition and ample to meet the present requirements of the city as a protection against an extended conflagration, unless it should be in some locality where there was a limited supply of water or a break in some principal main supplying the district.

It will probably not require any very great outlay above the ordinary expenses, but such as is needed to keep all of the appliances in good condition should be cheerfully furnished by those in charge of this department.

It would be well to consider that something should be done as soon as practicable to improve or change the present quarters of the Phœnix and Hook and Ladder companies. The

city being more compact than many towns of its size, I see no advantage to be gained in keeping the quarters apart from one locality, while I am inclined to the belief that many advantages could be gained and less annual expense incurred, if the entire fire department could be located at one place, or in proximity to the present steamer house and stables.

PUBLIC PARKS.

An Ordinance passed June 7, 1888, establishing the office of Park Commissioner, would naturally call our attention in this direction and is an object which, at its proper time, should receive generous appropriations from the city; but the demands on the treasury from the different departments to meet the expenses during the coming year for what are, under our present situation actual necessities, will prevent our making appropriations beyond a limited amount, sufficient to keep them in a neat and attractive condition and provide for the planting of whatever trees or shrubs the Park Commissioner may deem expedient.

WATER WORKS AND SEWERS.

Under the management of the Commissioners and the efficient Engineer and Superintendent, this department is in good working condition. The water works are at this time furnishing us an abundant supply which the people seem to appreciate, and while we are congratulating ourselves on the generous amount our reservoirs are able to furnish, we should not forget that a large amount of money will be required annually for the relaying, in iron, of such portions of the city water mains as are now composed of cement pipes which, owing to their aged condition, are not only unsuitable, but practically unsafe in case of an emergency when any unusual

amount of pressure is required. The total cost of the water works to this date is nearly \$225,000. The entire expenditure during the last fiscal year has been something over \$14,000. This included the relaying and extensions of some of the principal water mains, the Butler Court extension, general repairs, and the work done at the Echo Lake reservoir. From the best information obtainable it will be necessary during the coming Sumner to rebuild with stone the old wooden dam at Echo Lake, and enlarge the channel through the rocks so a greater amount of water can be had in a dry time. The estimated expense of this work is \$1,000. It would also be advisable, as soon as our finances will admit, to relay with substantial iron pipe a portion of the water mains on Washington, Winter, Court, Summer, Main and Railroad streets.

I would recommend that, at the proper time, the Commissioners and Superintendent furnish the Joint Standing Committee of this department with accurate estimates incidental to such repairs as I have named, and that the necessary appropriations be made to carry out this work. However, I would not deem it advisable, in any event, that the total expenditure for this branch of the department should reach the sum of \$10,000.

On account of the different appliances in use by the water consumers, there does not seem to be that equality of rates which would be desirable. I would therefore recommend that sometime during the year a revision or new classification be made; this, of course, would necessitate a thorough inspection and in the end be of mutual benefit to the city and consumers.

I am informed by the Superintendent that the sewers are now working satisfactorily and no unusual expense is anticipated above the necessary extensions. I see by the regulations

adopted for draining and connecting with the sewers, that certain kinds of pipe and appliances shall be used which are satisfactory to the Superintendent. As it is impossible for him to personally inspect all of the material used for such purposes, I would suggest that some standard materials should be adopted in the rules governing such construction or repairs.

IN CONCLUSION.

Gentlemen, I have called your attention only to such matters and departments as seemed to be of the most importance at this time, without any intended criticism upon any of the former administrations. There are many other subjects of which I could speak, but as you have the printed reports of the different departments in detail, instructions from me on this occasion would be out of place, many of you having been connected with former city governments and consequently well informed as to its municipal requirements.

As I am somewhat unfamiliar with the routine of business which will naturally present itself for consideration, I would with confidence urgently request your assistance and forbearance, feeling sure I can at all times confidently rely upon it, and assuring you that it will be a pleasure for me to as cordially reciprocate. I trust our personal and business relations may be of that pleasant and confidential nature which will make us firm and lasting friends.

KEENE CITY GOVERNMENT.

1889.

MAYOR.

HERBERT B. VIALL.

City Clerk, J. P. WELLMAN.

ALDERMEN.

- Ward 1. James S. Taft.
- Ward 2. Eugene W. Greenwood.
- Ward 3. Fred W. Chase.
- Ward 4. Frederic A. Faulkner.
- Ward 5. Daniel C. Howard.

COMMON COUNCILMEN.

Ward 1. Charles S. Fisher, Freeman A. White, James B. Kellogg.

Ward 2. George O. Wardwell, Liberty W. Foskett, Charles W. Morse.

Ward 3. Frank M. Davis, Frank H. Wright, Herbert O. Wardwell.

ORDINANCES AND JOINT RESOLUTIONS.

Passed by the City Councils in 1889.

CITY OF KEENE.

IN THE YEAR OF OUR LORD ONE THOUSAND EIGHT
HUNDRED AND EIGHTY-NINE.

A JOINT RESOLUTION relating to next regular meeting.

Resolved by the City Councils of the City of Keene, as follows :

That the City Councils meet on the first and third Thursdays of each month at 7.30 p. m. for general business.

Passed January 1, 1889.

A JOINT RESOLUTION relating to annual appropriations.

Resolved by the City Councils of the City of Keene, as follows :

That, in accordance with the recommendation of the Committee on Finance, the following sums be appropriated for the various departments, viz :

Ordinary city charges,	\$7,000 00
City paupers,	4,000 00
Highways and bridges,	8,000 00
Concrete sidewalks,	2,000 00
Fire department,	3,000 00
Police,	1,500 00
Electric lights,	3,400 00
Gas and gasoline lights,	1,200 00

Public Library,	\$500 00
Support of public library,	500 00
Memorial services,	150 00
Interest on M. & K. R. R. gratuity bonds, 6,400 00	
Interest on sewer loan,	2,800 00
Interest on new water loan bonds,	1,295 00
Payment of water bonds,	10,000 00
New sewers,	500 00
Public parks,	100 00
	—————
	\$52,345 00

And that the sum of \$30,000.00 be raised by taxation and the balance be paid from any money in the treasury not otherwise appropriated.

Passed January 3, 1889.

A JOINT RESOLUTION relating to Public Library.

Resolved by the City Councils of the City of Keene, as follows :

That all money collected for fines and for the sale of catalogues by the Librarian of the public library, which has before gone into the city treasury, be and hereby is appropriated for the purchase of books for the public library.

Passed January 17, 1889.

A JOINT RESOLUTION relating to the sale of a horse.

Resolved by the City Councils of the City of Keene, as follows :

That the Joint Standing Committee on Fire Department be and are hereby authorized to dispose of the single bay horse now owned by the city, and if said Committee think advisable, to purchase a pair of horses, and that the same be paid for out of any money in the treasury not otherwise appropriated.

Passed Feb. 21, 1889.

A JOINT RESOLUTION relating to uniforms for Washington Hook and Ladder Co.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of eighty dollars be paid to the Washington Hook and Ladder Co. in payment for the new uniform coat, the same to be owned by the city, to be paid for out of any money in the treasury not otherwise appropriated.

Passed February 21, 1889.

AN ORDINANCE in amendment of Chap. 31, Sec. 23, City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

That Sec. 23 of Chap. 31, City Ordinances, be amended by striking out the word "fifty" in the second line thereof and inserting in the place thereof the words "one hundred," so that the same shall read when amended: "Sec. 23. The City Physician shall receive in full for his services one hundred dollars a year, payable in equal quarterly payments."

Passed February 21, 1889.

A JOINT RESOLUTION exempting certain property from taxation.

Resolved by the City Councils of the City of Keene, as follows:

That in case the William Rogers Manufacturing Company, now of Hartford, Ct., shall expend the sum of thirty thousand dollars, or more, in establishing and carrying on, in this city, a manufactory for the purpose of manufacturing any of the articles enumerated in Chap. 53, Sec. 10, of the General Laws, that their buildings, machinery, tools and all capital employed in operating the same are made free from all taxes for the term of ten years from such time as said manufactory is in suitable condition to be operated.

Passed March 27, 1889.

A JOINT RESOLUTION in relation to repairs at Echo Lake and extensions and relaying of water mains.

Resolved by the City Councils of the City of Keene, as follows :

That the Joint Standing Committee on Water Works and Sewers are hereby authorized to purchase iron pipe and other material necessary for repairs at Echo Lake, and for extending and reconstructing the mains as recommended by them in their accompanying report of March 7, and the sum of six thousand dollars is hereby appropriated for that purpose.

Passed March 7, 1889.

A JOINT RESOLUTION in favor of E. S. Foster.

Resolved by the City Councils of the City of Keene, as follows :

That the sum of seventy dollars be and hereby is appropriated for the purpose of paying the claim of E. S. Foster, as recommended by the Joint Standing Committee on Water Works.

A JOINT RESOLUTION relating to salaries of members of the Board of Education.

Resolved by the City Councils of the City of Keene, as follows :

That the sum of twenty dollars be paid to each member of the Board of Education of Union School District for services for the year ending March 1, 1889, out of any money in the treasury not otherwise appropriated.

Passed April 4, 1889.

A JOINT RESOLUTION relating to gift of lands for extensions to public parks.

Resolved by the City Councils of the City of Keene, as follows :

That the conveyance of certain tracts of land adjoining

Wheelock and City Parks, this day made to the city by George A. Wheelock, Esq., for the purpose of extending said Wheelock and City Parks, be accepted by the city upon the trusts named therein.

Resolved, That in accepting these gifts, in behalf of the City of Keene, the City Councils desire to express their appreciation of the generosity and spirit of the donor in thus providing for the present and future citizens of the city such pleasant and acceptable grounds of public resort, the benefits of which cannot fail to be appreciated by all.

Passed April 18, 1889.

A JOINT RESOLUTION relating to salary of School Board.

Resolved by the City Councils of the City of Keene, as follows :

That the compensation of the members of the School Board for services during the year ending March 6, 1889, be fixed as twenty dollars each to the members of the Board who have served a full year, and that the sum of twenty dollars each be paid to Henry O. Spaulding, Joseph Chase and George K. Wright.

Passed April 18, 1889.

AN ORDINANCE relating to water works and sewers.

Be it ordained by the City Councils of the City of Keene, as follows :

That Sec. 18, of Chap. 4, be amended so as to read as follows: "No plumbing shall hereafter be done on any of the pipes or fixtures connected with the water works or sewers except by a plumber licensed to do such work by the Board of Mayor and Aldermen, under a penalty of twenty-five dollars. Such licenses may be granted or revoked upon recommendation of the Board of Water and Sewer Commissioners."

Passed April 18, 1889.

AN ORDINANCE in amendment of Sec. 4, Chap. 14,
City Ordinances.

Be it ordained by the City Councils of the City of Keene,
as follows:

That Sec. 4 of above ordinance, passed in the year eighteen hundred and eighty-three, be amended by adding the words, "No person shall ride a bicycle on any sidewalk within the radius of one mile from Central Square."

Passed May 2, 1889.

A JOINT RESOLUTION relating to Greenlawn Cemetery Company.

Resolved by the City Councils of the City of Keene, as follows.

That the proposition made by the Greenlawn Cemetery Company on the fifteenth day of April, 1889, to tender free of expense to the city, the property of the Corporation with all its rights and interests therein, on conditions that it ever be kept as a cemetery, suitably improved and cared for by said city, be and is hereby accepted.

Resolved, That the land so given to the city shall continue to hold the name of Greenlawn Cemetery.

Resolved, That in accepting this donation in behalf of the City, the City Councils desire to express their deep appreciation of the spirit of contemplated generosity manifested by the twelve gentlemen who originated and the survivors who still compose the Corporation which has labored so arduously for ten years in caring for and improving valuable property solely for the benefit of the City and their fellow citizens.

Passed May 2, 1889.

A JOINT RESOLUTION in relation to extension of sewers.

Resolved by the City Councils of the City of Keene, as follows:

That the Commissioners of Water Works and Sewers be authorized and instructed to construct new sewers or extensions on Grove and Oak streets, with the necessary flush tanks and connections, in accordance with the recommendations of the Joint Standing Committee on Water Works and Sewers herewith submitted; and that the sum of five hundred dollars be and hereby is appropriated for the purpose of purchasing the necessary material and paying for the necessary labor thereon.

Passed May 16, 1889.

A JOINT RESOLUTION relating to Wheelock Park.

Resolved by the City Councils of the City of Keene, as follows:

That the Park Commissioner and the Committee on Land and Buildings, are authorized to expend a sum, not exceeding one thousand dollars (\$1000.00) for the improvement of Wheelock Park, the same to be paid for from any money in the treasury not otherwise appropriated.

Passed June 6, 1889.

A JOINT RESOLUTION relating to school money.

Resolved by the City Councils of the City of Keene, as follows:

That the money by law assessed in the City of Keene for the support of schools for the present year, amounting to \$12,579, the Literary Fund of \$814.86, the unexpected balance of the dog tax, \$30.00, and the income of the Hibbard Fund, \$90.00, amounting in the aggregate to \$13,513.86, be apportioned among the school districts as follows, to wit: Seventy-five dollars to be assigned to each of the twenty-two schools in Union District (\$1,650.00), and \$75.00 each to the eleven schools in the Town District (\$825.00), and that the remainder, \$11,038.86, be apportioned pro rata among the 1088 scholars in Union District and the 153 scholars in the Town

District, making the total amount apportioned to Union District, \$11,327.88, and the total amount to the Town District, \$2,185.98.

Amount required by law \$350 for every dollar of state tax,	\$12,579 00
Literary Fund,	814 86
Dog Tax balance,	30 00
Hibbard Fund balance,	90 00

Passed June 6, 1889.

A JOINT RESOLUTION relating to next regular meeting.

Resolved by the City Councils of the City of Keene, as follows :

That when this body adjourn, it be to meet on Thursday, September fifth, eighteen hundred and eighty-nine, at seven thirty o'clock p. m., unless otherwise ordered by His Honor the Mayor.

Passed June 20, 1889.

A JOINT RESOLUTION in relation to cemetery at West Keene.

Resolved by the City Councils of the City of Keene, as follows :

That the sum of two hundred and fifty dollars be and is hereby appropriated out of any money in the treasury not otherwise appropriated for the purpose of purchasing additional lands for cemetery at West Keene.

Passed June 20, 1889.

A JOINT RESOLUTION in relation to Water Extension on Island street.

Resolved by the City Councils of the City of Keene, as follows :

That the Joint Standing Committee on Water Works and Sewers are hereby authorized to purchase iron pipe and other material necessary for the extension of water mains on Island street, and the sum of fifteen hundred dollars is hereby appropriated to pay for the same, together with the necessary labor thereon.

Passed June 20, 1889.

A JOINT RESOLUTION in relation to relaying water main on Main street.

Resolved by the City Councils of the City of Keene, as follows :

That the Joint Standing Committee on Water Works and Sewers be and are hereby authorized to purchase the iron

pipe, hydrants, gates and connections necessary to relay with six-inch iron pipe that portion of Main street recommended by the accompanying report of said committee, and that the sum of twelve hundred and fifty dollars be and is hereby appropriated for that purpose.

Passed July 11, 1889.

AN ORDINANCE in amendment of Chapter 18 of City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

That Chapter 18 of City Ordinances shall be amended so as to read as follows:

Section 1. No sheep, goats, swine, horses, mules, jacks, oxen, cows or other cattle, shall be led, or driven, except for cleaning ways, or allowed to go upon any sidewalk, or grass plot in front of sidewalks in this city, or permitted to go at large in any highway, sidewalk, grass plot, street, lane, alley, common, square or other public place within the city.

Sec. 2. Every person permitting any sheep, goats, swine, horses, mules, jacks, oxen, cows or any other cattle, to go upon any sidewalk, or grass plot, or at large contrary to the provisions of Section 1 of this Chapter, shall be fined not less than one dollar nor more than ten dollars for every such offence.

Sec. 3. Any person finding any such creatures so going may impound and detain them until said penalty and costs of impounding shall be paid, or he may make complaint against the person permitting such creatures to go upon sidewalks, grass plots, or at large.

A JOINT RESOLUTION authorizing the payment of money to purchase uniforms for the Deluge Hose Company.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of one hundred and fifty (\$150.00) dollars be allowed to the Deluge Hose Co. No. 1, out of any money in the treasury not otherwise appropriated, for the purpose of purchasing new uniforms for the use of said company, agreeable to the petition of a committee from said company, the same to be the property of the city, provided, that the company provide the balance required to complete the payment, said sum to be drawn and paid to any responsible member authorized to receive it by the Mayor, when satisfied that said uniforms are, or will be furnished as aforesaid.

Passed Sept. 5, 1889.

A JOINT RESOLUTION in relation to additional appropriations.

Resolved by the City Councils of the City of Keene, as follows :

That in addition to the sums heretofore appropriated the following sums be and hereby are appropriated for the following purposes, viz :

For city paupers,	\$1,000 00
For highways and bridges,	6,000 00
For new sewers,	200 00
For gas and gasoline lighting,	200 00
For aid to dependent soldiers and their families,	100 00

AN ORDINANCE in amendment of Chapter 22 of City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows :

That Chapter 22 of the ordinances of the city be amended by striking out the 3d section thereof and substituting therefor the following :

Section 3. No person shall destroy or remove any shade, or ornamental trees, standing on any common, square, street,

lane or highway, within the limits of the city, without permission of the Mayor and Aldermen, and it shall be the duty of the Superintendent of the streets to note any infraction of this section of the ordinance and report the same at once to the Board of Mayor and Aldermen.

A JOINT RESOLUTION relating to expenses of annual inspection of the Fire Department.

Resolved by the City Councils of the City of Keene; as follows:

That sixty (\$60.00) dollars is hereby appropriated for the expenses of the annual inspection of the Fire Department, from any money in the treasury not otherwise appropriated.

A JOINT RESOLUTION relating to increased protection from fire.

Resolved by the City Councils of the City of Keene, as follows:

Whereas, There is an apparent necessity for increased protection from fire; therefore

Resolved, That the Joint Standing Committee on Fire Department be authorized to investigate this matter, and if in their judgment the needs of the city require the purchase of another steam fire engine, said committee be authorized to procure information as to the cost of the same and report at the next meeting of the City Councils; Resolved that all expenses incurred by said committee on this investigation be paid from any money in the treasury not otherwise appropriated.

Passed Sept. 19, 1889.

A JOINT RESOLUTION giving C. B. Lancaster & Co. the exemption from taxation heretofore granted John Shaw, 2d, for the unexpired term of such exemption.

Resolved by the City Councils of the City of Keene, as follows:

Whereas, John Shaw, 2d, has sold his shoe machinery and shoe business to C. B. Lancaster & Co. of Boston, Mass., and whereas the exemption from taxation granted said Shaw Aug. 6, 1884, has not expired; now be it

Resolved, That the exemption from taxation granted said Shaw as aforesaid, be granted said C. B. Lancaster & Co. for the unexpired term of said exemption to said John Shaw, 2d.

Passed Oct. 3, 1889.

A JOINT RESOLUTION authorizing the purchase of land.

Resolved by the City Councils of the City of Keene, as follows:

That the Park Commissioner be authorized to purchase for the city a certain tract of land situated on the Northerly side of Roxbury street known as the "Parks lot," and that the sum of one hundred dollars be and hereby is appropriated therefor, the same to be paid from any money not otherwise appropriated.

Passed Oct. 3, 1889.

A JOINT RESOLUTION relating to additional appropriation for purchase of uniforms for the Deluge Hose Co.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of eighty dollars (\$80.00) be and hereby is appropriated in addition to the appropriation made Sept. 5, 1889, upon the same terms and conditions, out of any money in the treasury not otherwise appropriated.

Passed Oct. 3, 1889.

A JOINT RESOLUTION in relation to an increase of salary of Overseer of the Poor.

Resolved by the City Councils of the City of Keene, as follows :

That the Overseer of the Poor, Philander Howland, be paid fifty dollars in addition to the usual salary, in consideration of extra work done in behalf of the city, during the present year.

Passed Oct. 17, 1889.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the City Councils of the City of Keene, as follows :

Whereas, Curtis G. Britton contemplates erecting a building upon Eastern Avenue and placing the necessary machinery therein for the purpose of carrying on his creamery business :

Resolved, That said building and machinery shall be exempt from taxation for a sum not exceeding \$3,000.00 for a term of two years from January 1, 1890.

Passed Oct. 19, 1889.

A JOINT RESOLUTION in relation to additional appropriations.

Resolved by the City Councils of the City of Keene, as follows :

That in addition to the sums heretofore appropriated, the following sums be and hereby are appropriated for the following purposes, viz :

For the highway department,	\$2,500 00
For repairs on city hall,	36 31
For the purchase of horses and expenses buying and exchanging,	525 35
For concrete walks,	946 85

Passed Nov. 7, 1889.

A JOINT RESOLUTION relating to snow rollers.

Resolved by the City Councils of the City of Keene, as follows :

That the Committee on Streets and Drains be and are hereby authorized to purchase two snow rollers for the purpose of rolling the snow in the streets, and that a sum not exceeding one hundred dollars be appropriated from any money in the treasury not otherwise appropriated for payment of the same.

Passed Nov. 7, 1889.

AN ORDINANCE in amendment of Sec. 17, Chap. 31, of City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows :

That Sec. 17, Chap. 31, City Ordinances, of the City of Keene be and hereby is amended by inserting after the word "shall" in the first line thereof, the word "annually" and by striking out the words "at the expiration of their term of office" at the end of said section and substituting therefor the words, "on the first day of each following January" so that said section as amended shall read as follows :

Section 17. The Assessors shall annually receive the sum of one hundred and forty dollars each in full for their services, payable one hundred and ten dollars on the first day of July in each year and the balance on the first day of each following January.

Passed Nov. 21, 1889.

AN ORDINANCE in amendment of Sec. 20, Chap. 31, of the City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows :

That Sec. 20 of Chap. 31 be amended so as to read : The Superintendent of Cemeteries shall receive in full for his services the sum of one hundred dollars, payable one half seven

months from the date of his election and the balance at the expiration of his term of office.

Said Ordinance as amended shall take effect on and after January 1, 1890.

Passed Dec. 5, 1889.

A JOINT RESOLUTION in relation to the purchase of a steam fire engine.

Resolved by the City Councils of the City of Keene, as follows :

That the Joint Standing Committee on Fire Department together with His Honor the Mayor be and hereby are authorized to purchase a steam fire engine of such a size, class and make as in their judgment deemed best, and that the same shall be paid for, in addition to expenses incurred by the committee, out of any money not otherwise appropriated.

Passed Dec. 5, 1889.

A JOINT RESOLUTION relating to a Joint Committee for the purpose of re-rating salaries of certain city officers.

Resolved by the City Councils of the City of Keene, as follows :

That a Joint Special Committee consisting of one member of the Board of Aldermen and two members of the City Council be appointed for the purpose of rearranging the salaries of certain city officers.

Passed Dec. 5, 1889.

A JOINT RESOLUTION in relation to the purchase of a gravel bank.

Resolved by the City Councils of the City of Keene, as follows :

That the sum of three hundred sixty-two dollars and eighty cents be and hereby is appropriated out of any money

in the treasury not otherwise appropriated for the payment for a gravel bank lately bought of Alonzo Green.

Passed Dec. 19, 1889.

A JOINT RESOLUTION in relation to extra pay for services rendered by Board of Health.

Resolved by the City Councils of the City of Keene, as follows :

That in consideration of unusual services performed by the Board of Health during the present year the sum of eighty dollars be paid each member of said Board in addition to their salary, the same to be paid from funds not otherwise appropriated.

Passed Dec. 19, 1889.

AN ORDINANCE in relation to the increase of the salary of the Mayor.

Be it ordained by the City Councils of the City of Keene, as follows :

That Chap. XXXI, Sec. 1, of the City Ordinances be amended by striking out the words "three hundred and fifty" and inserting the words "five hundred" so that the section would read as follows : "The Mayor shall receive in full for his services as Mayor, head of the police, and for all other duties appertaining to his office, the sum of five hundred dollars per year, to be paid in equal quarterly payments."

This amendment to take effect Jan. 1, 1890.

Passed Dec. 19, 1889.

AN ORDINANCE in relation to the increase of salary of the Health Commissioners.

Be it ordained by the City Councils of the City of Keene, as follows :

That Chap. XXXI, Sec. 24, of the City Ordinances be amended by striking out the word "twenty" and inserting the word "forty" so that the section will read as follows: "The Health Commissioners shall receive in full for their services and all duties pertaining to their office, the sum of forty dollars each per year, payable annually.

This amendment to take effect Jan. 1, 1890.

Passed Dec. 19, 1889.

ANNUAL REPORTS.

REPORT OF THE FINANCE COMMITTEE.

The Joint Standing Committee on Finance respectfully lay before the City Councils the following statement of all receipts and expenditures from December 1, 1888, to December 1, 1889, together with a schedule of property, real and personal, belonging to the city, and the value thereof, and the amount of the city debt.

N. G. GURNSEY.

G. W. FISHER, CLERK.

Office Hours: 7.30 to 9 p. m., Saturdays.

SUPERINTENDENT.

P. F. BABBITT.

OFFICE, CITY HALL.

Office Hours: 9 to 10 a. m., 2.30 to 3.15 p. m. Wednesday and Saturday, 7.30 to 9 p. m.

TELEPHONE CALL, 12-3.

ASSISTANT SUPERINTENDENT.

D. C. KING.

WATER WORKS AND SEWERS.

TWENTIETH ANNUAL REPORT

OF THE

WATER AND SEWER COMMISSIONERS.

To the City Councils:

We herewith transmit the twentieth annual report of the Superintendent of the Keene Water Works, together with the sixth annual report of the Superintendent of Sewers.

The financial account for the year is as follows :

Assessments and arrearages as given to the

Collector,	\$17,591.23
Amount collected,	\$13,900 13
Advance payment discounts,	2,823 74
Abated,	234 70
Balance uncollected,	632 66
	<hr/>
	\$17,591 23

The earnings of the year are as follows :

Assessments Nos. 39 and 40,	\$16,280 23
Sale of ice,	120 00
Sale of stock,	117 40
Tapping account,	184 28
	<hr/>
	\$16,701 91

Less advance discounts,	\$2,823	74
refunded from treasury,	162	27
Abatements,	234	70
		\$3,220
		71
Gross earnings,	\$13,481	20
Maintenance,	2,122	52
		\$11,358
		68

We endorse the recommendations of the Superintendent in regard to furnishing an increased supply of water from Echo Lake, abolishing dead ends and the relaying the pipe in the several streets named.

We would call your attention to the large number of leaks in cement pipes during the past year, which has largely increased the cost of maintenance and the great danger there is of many parts of the city being deprived of water in case of fire. And we earnestly recommend a liberal appropriation for changing cement pipe to cast iron.

Complaints having been recently received of the bad condition of the water in the Northern part of the city, the Commissioners deemed it advisable to have the water analyzed by the State Chemist. They accordingly forwarded to him samples of Sylvan Lake, Echo Lake, and the Octagon Reservoir waters, and having received his report publish it in full.

It will be seen by his report that the Sylvan Lake water is inferior to the Echo Lake water.

ANALYSIS BY STATE CHEMIST.

SYLVAN LAKE—OR GOOSE POND.

Odor,	slight
Color,	yellowish tint
Evaporation,	foamy
Residue,	yellowish and circles
Ignition of residue,	it blackens
Total solids, grains per gallon,	3.0

Loss on ignition, grains per gallon,	1.6
Hardness, degrees,	0.6
Alkalinity, degrees,	0.5
Chlorine, grains per gallon,	0.3
Free Ammonia, part per million,	0.118
Albuminoid Ammonia, part per million,	0.264
Nitric Acid,	mere trace
Nitrous Acid,	none
Poisonous Metals,	none
Iron,	trace
Sediment,	little
Microscopic examination, mineral particles, diatomæ,	algæ
Oxygen for oxidation, grain per gallon,	0.3061

Authorities quite generally agree that the condemnation figures for albuminoid ammonia and oxygen for oxidation in open waters, as ponds and rivers, are 0.2 and 0.28 respectively. Experience shows that more than this quantity of organic matter will develop a taint perceptible to the senses, especially in warm weather. Many cities are supplied with poorer water than this. This does not prove that the water is so good as is desirable; but it shows that the water is not very positively prejudicial to health, inasmuch as the death rate of such cities is not extremely large, though somewhat increased.

This water is not contaminated with sewerage. The organic matter is vegetable; this is less virulent than animal matter. Without doubt the continued use of such water as this would increase the death rate of the city somewhat. But if the water is well boiled before it is used, it is rendered perfectly harmless.

ECHO LAKE, ROXBURY.

Odorless.	
Color,	yellowish tint
Evaporation,	foamy
Residue,	yellowish and circles
Ignition of residue,	it blackens
Total solids, grains per gallon,	1.5
Loss on ignition, grains per gallon,	1.0
Hardness, degrees,	0.2
Alkalinity, degrees,	0.2

CITY OF KEENE.

Chlorine, grain per gallon,	0.1
Free Ammonia, part per million,	trace
Albuminoid Ammonia, part per million,	0.17
Nitric Acid,	mere trace
Nitrous Acid,	none
Poisonous metals,	none
Iron,	quite strong trace
Sediment,	little
Microscopic examination,	algæ
Oxygen for oxidation, grain per gallon,	0.2593

This is good lake water.

OCTAGON RESERVOIR.

Odor,	slight
Color,	yellowish tint
Evaporation,	foamy
Residue,	yellowish and circles
Ignition of residue,	it blackens
Total solids, grains per gallon,	2.9
Loss on ignition, grains per gallon,	1.5
Hardness, degrees,	0.6
Alkalinity, degrees,	0.5
Chlorine, grain per gallon,	0.3
Free Ammonia, part per million,	0.104
Albuminoid Ammonia, part per million,	0.198
Nitric Acid,	mere trace
Nitrous Acid,	none
Poisonous Metals,	none
Iron,	trace
Sediment,	little
Microscopic examination,	algæ and infusoria
Oxygen for oxidation, grain per gallon,	0.245

This water contains rather more organic matter than desirable.

EDMUND R. ANGELL.

Derry, N. H., Dec. 14, 1889.

Respectfully submitted,

E. S. FOSTER,
N. G. GURNSEY,
G. W. FISHER,

Water and Sewer Commissioners.

SUPERINTENDENT'S REPORT.

To the Board of Water and Sewer Commissioners:

GENTLEMEN: I herewith submit the 20th annual report of the Water Department and the 6th annual report of the Sewer Department for the year ending Dec. 1, 1889.

WATER WORKS.

SERVICE PIPES.

Reported December 1, 1888,	1,226
Additions to December 1, 1889,	35
Whole number December 1, 1889,	<hr/> 1,261

ASSESSMENTS.

Thirty-ninth assessment, Dec. 1, 1888,	\$7,906 68
Fortieth assessment, June 1, 1889,	<hr/> 8,373 55
Amount of assessments for 1889,	\$16,280 23
Amount uncollected Dec. 1, 1888,	1,311 00
Total amount delivered to collectors,	<hr/> \$17,591 23

Of this amount the following sum has been refunded by orders on the treasury:

On 37th assessment,	\$7 63
" 38th "	27 56
" 39th "	126 05
" 40th "	0 83

REGULATIONS.

APPLICATION FOR CONNECTIONS AND SUPPLIES, ETC.

Applications for the use of water, or for the connection of any service pipes or fixtures to supply any premises shall be made to the Superintendent by a written request, stating the requirements of the applicant, with an agreement to conform at all times to the current rules and regulations which may be established in relation thereto; and no person shall be allowed to connect any service pipe to the pipes of the works by tapping or otherwise, without a written permit from the Commissioners or Superintendent; and all trenching, or other work incident to laying or repairing water pipes in any street

or public ground shall be subject to their supervision and approval. Also, the location, capacity, quality and general character of any pipe or other fixtures used, whenever the interests of the works may be affected thereby.

Each service pipe connected to any street main or distributing pipe belonging to the works, shall, near the sidewalk, be provided with an iron extension stop box, the cover of which shall be flush with the sidewalk or top of ground; also with suitable stop and waste cocks (on premises of the user), for shutting off and discharging the water from all pipes or fixtures liable to injury from the action of frost.

The cost of all service pipes and fixtures to be paid by the applicant, and computed as from the centre of the street where the connection is made, except in cases where the Commissioners shall consider it proper for the expense to be otherwise charged; and the applicant or user shall at all times keep the same in good order to prevent leakage or waste of water; and no continuous flow of water, to guard against frost or for any other purpose, will be allowed, except in special cases where an agreement is made as to conditions and rates.

EXAMINATION AND OVERSIGHT OF FIXTURES AND SUPPLIES,
ETC.

All persons using water, or whose premises are furnished with pipes connected with the water works, are required to give due notice of any changes involving any increase in use of water; also, to allow the Commissioners, the Superintendent, or his assistants to make personal examination of all fixtures between the hours of eight a. m., and six p. m.; also, to answer correctly all proper inquiries in relation to the quantity, purposes and manner in which water is used upon their premises, so far as may be deemed necessary for a faithful supervision of the same; and any person who shall make false representations in regard to the amount of water used, or who shall allow any other person or family to take or use water from his fixtures, or shall use it for any purpose not included in their contracts or payments, without the consent of

the Commissioners, thereby intending to evade or defraud in the payment of rates, shall be subject to payment of double rates therefor or to such other penalties as may be provided by law.

Any person whose premises are supplied with service pipe and fixtures, allowing tenants or others to take or use water from same, will be holden for the payment for water so used or taken, unless such tenants or other persons shall have made application to the Superintendent, and complied with the requirements in regard to such use.

PROVISIONS FOR SHUTTING OFF SUPPLY, ETC.

In cases of misrepresentation, misuse or waste of water, non-payment of rent, or for neglect or refusal to comply with the established rules and regulations of the water works, the Commissioners may cause the supply to be shut off and withheld from any service pipe until the cause of the complaint is removed, and the sum of two dollars is paid for the expense of shutting off the water.

And in case two or more several parties or families are supplied by any service pipe from which the water may be shut off on account of the failure of any one of them to comply with the established rules and regulations, the supply may be withheld from them without liability in damage to either of them, until the defaulting party shall remove the cause of complaint.

And if any person shall, without permit, turn on the water at any corporation or private stop-cock, when it has been shut off on account of any violation of rules, until all costs are paid and all causes of complaint are removed, such person or persons using water therefrom, shall be liable to payment of three-fold rates and such other penalties as may be recovered by law.

The right to shut off water for repairs, extensions, and other necessary purposes of the works, is at all times reserved; also, in case of scarcity, or deficient supply, the use for garden hose and other purposes for which comparatively low

rates are charged, are to be subject to such restrictions as may be deemed necessary to meet the exigencies of the occasion. And in case of fire, it is the duty of all users to shut off and discontinue, as far as practicable, all draughts from the works which may lessen the pressure at the fire hydrants.

RULES FOR PLUMBERS.

Plumbers will not be allowed to start on any work until they have a written permit, signed by one of the Commissioners, or the Superintendent, or his regular appointed assistant.

Every plumber who shall set up any pipe or fixtures in connection with the water works or sewers, or shall make repairs upon, additions to, or alterations of the same, shall, within three days after the same shall be completed, fill out and return to the Superintendent the blank form of permit, showing the number and kind of fixtures, location of stop box, etc., under the penalty of having his license revoked.

The Superintendent's office shall be notified twenty-four hours in advance when work will be ready for inspection.

ASSESSMENT AND COLLECTION OF RENTALS, ETC.

Semi-annual assessments of rents for use of water are made on the first days of June and December, and are payable to the Collector, who will be at his office at suitable times for that purpose, of which due notice will from time to time be given; and all regular patrons of the works, making payment within forty days from the date of any such assessment—with the understanding that no rebate is to be claimed for any temporary discontinuance of any use for which payment is made—shall be entitled to a discount of twenty per cent. from the regular rates; and all rents not paid in advance or during the forty days from the date of assessment as aforesaid, are to be charged at full advertised rates, and to be deemed due and payable at the expiration of the six months' use.

SCHEDULE OF ANNUAL RATES.

For the ordinary and legitimate uses of each family having the usual kitchen fixtures only, and not including use for watering gardens or other purposes, as follows:

For first four persons or less,	\$5 00
For each additional person,	.50
For each additional room supplied with fixtures, not otherwise rated,	1 00
For one bath tub,	4 00
For each bath tub exceeding one,	2 00
For one water closet,	4 00
For each water closet exceeding one,	2 00
Boilers for water or steam heating,	\$1 25 to 10 00
Hose or hydrant for garden or lawn sprinkling (for four months),	4 00
And upward according to use required.	
Ornamental fountains (limited use),	6 00
Hotels, for each room to twenty-five,	1 00
Each room exceeding twenty-five,	.50
Hotel stables, each stall to ten,	1 25
Hotel stables, each stall exceeding ten,	.50
Livery stables, each horse to twenty,	2 50
Each horse exceeding twenty,	1 00
Private stables, for first two horses, each,	2 50
Each horse exceeding two,	1 25
Water for washing carriages to be included in stable rates.	
Oxen or cows, each,	\$1 25
Special rates for large number.	
Restaurants, apothecaries and photographers,	\$8 00 to 12 00
Stores and shops using moderate quantities of water,	.5 00
Rooms used exclusively as offices,	2 50
Drinking fountains and watering places for public use, and hydrants or fixtures for the protection of the property of any private individuals against fire, provided and maintained at private expense by approval of the Commissioners, free.	
For all other purposes not enumerated, special rates may	

be made by the Commissioners. Rates for temporary uses, or for periods of less than one year, may be charged at an advance of fifty to one hundred per cent. on the schedule of annual rates, according to the season and nature of the use.

The minimum rate for garden hose or lawn sprinkler is based upon the use of a one-fourth inch jet or its equivalent, not exceeding one hour each day for the season of four months from June to September, and no deduction will be made for partial discontinuance of use.

The rate for ornamental fountains is based upon the equivalent of a one-sixteenth inch jet at standard pressure averaging not exceeding four hours' daily use during the months of June to September, inclusive, and subject to such other restrictions as occasion may require, without deduction for partial discontinuance of use.

Approved and adopted by the Board of Water and Sewer Commissioners for the city of Keene, April 13, 1889.

CONSUMPTION OF WATER.

December 26 and 27, 1888, an approximate measurement of the amount of water consumed by the city of Keene for twenty-four hours was made with the following results. All water being taken direct from the Octagon reservoir. The time being from 3 p. m. Dec. 26, to 9 a. m. Dec. 27, when there was about one hour's supply left.

Amount of water measured for 18 hours,	1,141,500 gals.
Estimate for remaining 6 hours,	480,000 "

Total amount consumed in 24 hours,	1,621,500 "
------------------------------------	-------------

Estimating the population of Keene to be 8,000, the average consumption per hour would be about, 67,730 gals.

Average consumption each person 24 hours,	203 "
Capacity of Octagon reservoir about,	1,225,000 "

Commenced to fill reservoir at 4.30 p. m.,	
Dec. 28, reservoir full at 9.30 p. m., Dec.	
29, 29 hours to fill, showing capacity of	
Roxbury pipe per hour about,	42,240 gals.
Average amount of water consumed per hour,	67,730 "
Capacity of Roxbury supply pipe per hour,	42 240 "
Showing a deficiency per hour of	25,490 gals.

CENTRAL SQUARE TRIAL.

June 14, 1889, an interesting experiment was tried by the Fire Department practice.

The normal pressure being,	63½ lbs.
Steamer working 120 lbs. and 12 hydrant streams,	52½ "
Steamer working 120 lbs. and 6 hydrant streams,	57 "
Steamer working 120 lbs. and 4 hydrant streams,	59 "
12 hydrant streams,	53½ "
10 hydrant streams,	57 "
4 hydrant streams,	62 "

MECHANIC STREET TRIAL, 6-INCH PIPE.

Normal pressure,	62 lbs.
Steamer working 120 lbs. and 5 hydrants streams,	51½ "
5 hydrant streams,	55 "
2 hydrant streams,	58 "

BEAVER MILLS TRIAL.

Normal pressure,	67 lbs.
Steamer working 120 lbs. and 8 hydrant streams,	55 "
12 hydrant streams,	58 "

EMERALD STREET TRIAL, 6-INCH PIPE.

Normal pressure,	67 lbs.
12 hydrant streams,	22 "
Steamer working 120 lbs. and 10 hydrant streams,	17 "

The following streets have been changed from cement pipe to cast iron pipe: Court street from Cross street South to St. John's block; Central Square, from 10-inch cement to 12-inch iron; Main street from Appian Way South to E. F. Lane's, from 6 and 4-inch cement to 8 and 6-inch iron. Below this point the pipe is all iron to the terminus of the line at the pottery.

Since December 24, 1888, and up to December 14, 1889, there have been fifty-four leaks on the cement mains and ten leaks on the iron mains. The leaks in the iron lines were all joint leaks excepting one on Roxbury street and one on West street. The leak on Roxbury street is hard to explain. The iron apparently was without flaws or weak spots. A section of the main two and one-half feet long over half the entire diameter of the pipe (which is 12-inch) was blown out entirely. Old water works superintendents say that leaks of this kind rarely occur in iron mains.

The iron pipe leak on West street was caused by a pipe which broke in two, probably on account of the settling of the ground.

There have been more leaks in the cement pipe on West street than upon any other cement line excepting that which was replaced on Main street.

Several dead ends have been given a circulation during the year by connecting them with other lines.

Echo and Sylvan lakes are both up to high water mark. The Echo Lake dam has been repaired and put in good condition for the Winter. A new flume is needed here and will be put in during the coming year. The balance of the appropriation of the past year will be sufficient to do this work.

Considerable grading has been done around the Octagon reservoir. A good covering of loam is needed here before a permanent turf can be obtained.

A large number of gate and hydrant boxes which were rotted out have been replaced with new ones.

Ten flush hydrants have been replaced with post hydrants and two three-way, three two-way, and one flush hydrant added to the works.

I would respectfully recommend that the following changes be made during the coming year:

1st. That the Roxbury supply pipe be enlarged to a capacity equal to 2,500,000 gallons per day. This will give the city Roxbury water (so called) and will be ample for future use, allowing the city to nearly double its present population. The Goose Pond or Sylvan Lake supply can then be shut off and kept in reserve for use in case of emergency. If this meets with your approval, the pipe should be delivered here early in the Winter so that it may be distributed along the line on the snow. A saving of at least half the cost of transportation from the cars to the work can be made by this method.

2d. That all dead ends be abolished as far as practicable.

3d. That West street be relaid with 8-inch cast iron pipe to connect with 6-inch cast iron pipe near Ashuelot street.

4th. That Emerald street be relaid with 8-inch cast iron pipe as far as Ralston street. This will give a much needed fire protection to Dunn & Salisbury's manufactory and the Cheshire Railroad shops.

5th. That the Middle street pipe be replaced with 4-inch cast iron pipe. The condition of the present main pipe is very bad. It was originally a $1\frac{1}{4}$ -inch pipe, but has become so filled with rust that its capacity is not now greater than that of a $\frac{3}{4}$ -inch pipe. Six families are dependent on this line for their supply and the present main is altogether inadequate.

6th. That the main on Coolidge street be replaced with 4-inch cast iron pipe. The condition of the present main is about the same as that in Middle street.

It will be impossible of course to change all of the cement pipe lines which ought to be changed, in a single year.

The above recommendations cover the most urgent needs of the works. Respectfully submitted,

P. F. BABBIDGE,

Superintendent.

HIGHWAYS.

REPORT OF SUPERINTENDENT.

To His Honor the Mayor and City Councils:

The following is my report as Superintendent of Highways in the city of Keene, for the year 1889.

List of property in my possession, belonging to the city :

6 horses,	\$1,300 00
3 carts,	270 00
1 wagon,	75 00
7 harnesses,	150 00
1 large and 2 small scrapers,	140 00
1 iron roller,	100 00
1 stone roller,	10 00
1 plow,	4 00
8 snow plows,	100 00
12 blankets,	20 00
12 picks,	9 00
7 large and 2 small hammers,	6 00
3 saws,	2 00
14 shovels,	7 00
5 large and 4 small chains,	10 00
3 spread chains,	4 50
6 iron bars,	5 00
2 hoes,	1 00
Small lot of stone tools,	8 00
1 jack screw,	2 00

3 axes,	\$2 00
2 bog hoes,	1 00
3 stone picks,	1 00
2 augers,	1 00
6 lanterns,	2 00
1 set of fall blocks and rope,	5 00
1 vice,	2 00
1 sled,	25 00
100 feet drain pipe,	35 00
Lot miscellaneous tools,	10 00

	\$2,307 50

There has been an extra amount of work done in the way of new drains and paving. Main street has been graded and the gutters paved from the railroad to Elliot street.

There has been 1034 square yards of paving laid on Roxbury street and railroad crossing, at an expense of \$1,944.70.

The expense of Winchester street drain was \$98.32; Foster, Grove and Marlboro' streets cost \$416.50; Elliot street, \$98.00; one of 12-inch pipe from the railroad through the Square to Vernon street, \$734.07.

The grading of 6,695 25-100 yards for concrete walks, at an expense of \$1,044.25.

A new stone drain at the Factory on West street cost \$352.00.

There has been 4,725 loads of river gravel and stone taken from the city pasture and put upon the streets this year.

For expenses see finance report.

I have deposited \$79.10 with the City Treasurer for work done and material sold.

Received for use of city pasture, \$46.00, which I deposited with the City Treasurer. There is \$25.00 uncollected. Fences have been repaired at the expense of the highway fund.

Respectfully submitted,

E. A. NIMS,
Superintendent of Highways.

FIRE DEPARTMENT.

REPORT OF THE CHIEF ENGINEER.

OFFICE OF BOARD OF ENGINEERS, }
KEENE N. H., DEC. 1, 1889. }

To His Honor the Mayor and City Councils :

Gentlemen.—In compliance with the city ordinance and in behalf of the Board of Engineers I present the following report of the Fire Department for the year ending Dec. 1, 1889.

The Department has responded to ten alarms the past year—subjoined are the details.

Total value of property destroyed,	\$17,612 00
Insurance paid on same,	<u>7,086 50</u>
Loss over insurance,	\$10,525 50

FIRE AND ALARMS, 1889.

February 23, box 23, Mechanic street, brick building occupied by the Impervious Package Co. Loss on building and stock, \$76.52; insurance paid \$76.52. Cause of fire, explosion of gas from furnace.

March 11, box 9, head of Central Square, wood frame building owned by Elbridge Clarke, occupied by John Carpenter, harness maker; C. W. Wilber, meat and provision dealer; O. P. Murdick, confectionery; M. J. Auger, billiard parlor. Loss on building, \$212.00; insurance \$212.00.

John Carpenter, loss on stock, \$106.00; insurance paid, \$106.00. C. W. Wilber, loss on stock, \$300.00; insurance paid, \$225.00. O. P. Murdick, loss on stock, \$60.00; insurance paid, \$60.00. M. J. Auger, loss \$100.00; no insurance. Cause of fire careless use of matches.

March 26, box 13, Railroad street, Beaver Mills building owned by Beaver Mills Co., occupied by the Keene Furniture Co., and the Cheshire Chair Co. Loss on building, \$4,500.00; insurance paid, \$1,800.00. Keene Furniture Co., loss \$7,000.00; insurance paid, \$2,000.00. Cheshire Chair Co., loss \$5,000.00; insurance paid, \$2,475.00. Cause of fire sparks from boiler room.

April 10, box 23, brush fire in rear of Mrs. Edward Farrar's house on Beaver street. No loss. Cause of fire children playing with matches.

April 21, box 23, brush heap East of Woodland cemetery. No loss. Cause of fire incendiary.

April 24, box 52, Emerald street. Caused by the burning of a lot of old railroad ties belonging to the Cheshire Railroad Co. Loss \$50.00; no insurance. Cause of fire sparks from a locomotive.

April 26, box 46, false alarm.

June 21, box 37, Elm street, wood frame tenement house owned by George Haywood, occupied by the families of J. J. Crowley and C. E. Jackson. Loss on building, \$132.50; insurance paid, \$132.50. J. J. Crowley, loss \$25.00; no insurance. C. E. Jackson, loss \$50.00; no insurance. Cause of fire defective flue.

August 28, box 33, Washington street, brush fire near N. G. Woodbury's dry house. No loss.

November 15, box 46, false alarm.

The Department at the present time consists of five engineers; Steamer and Hose Co., 20 men; Deluge Hose Co., 20 men; Washington Hook and Ladder Co., 20 men. Total 65 men.

There has been no important change of the apparatus during the past year, but I regret very much to say that the Phœnix

Hose Co. resigned and went out of service October 1, because they were dissatisfied with their quarters; and I think they had the sympathy of the entire Department and the citizens in general, for it was a lamentable fact that their quarters were very poor as well as no credit to the city; and I would earnestly recommend the improvement of the quarters of the Hook and Ladder Co., also, the Deluge Hose Co., by building for them suitable quarters on Vernon street East of the Steamer building. It seems to me to be the proper place for our Department, location and all being taken into consideration. The city at the present time owns six good horses, and if the Department is located here all together, I think it is all they will require for fire purposes for years to come.

I am glad to report that our hydrant service has been improved in the past year by increasing the size of our water mains, and discarding the old flush hydrants for post hydrants of an improved pattern; and, gentlemen, I wish to call your attention to the need of a better water supply for the protection of Dunn & Salisbury's chair shop, the Cheshire Railroad shops, also, N. G. Woodbury's pail shops, for I think our past experience has taught us that it is our duty as well as to our interests that we should give our manufacturing interests suitable protection against fire.

We have at the present in the vicinity of about 150 hydrants, and I would recommend that in the future they be set nearer to each other, as a plenty of them does away with using so much hose and also aids the firemen in getting water to the fire quicker.

The electric alarm system has given general satisfaction in the past year, and the great amount of time it saves in locating the fires becomes more apparent each year; and I would recommend a further extension of the system by the addition of more boxes this year.

I am very much pleased with the action taken by your Honorable body at your last meeting in regard to purchasing another steamer. It will be a great addition to the strength of our Department. And I think we are very much in need of a

first class modern Hook and Ladder truck, as this is a very important piece of apparatus, at a large fire, especially.

INVENTORY OF PROPERTY.

Steamer,	\$4,000 00
Hand engine at Woodbury's mills,	350 00
Hand engine at South Keene,	350 00
Deluge hose carriage,	700 00
Phoenix hose carriage,	600 00
3 jumpers,	150 00
2 hook and ladder trucks, etc.,	1,200 00
Steamer hose carriage,	350 00
3 hose sleighs,	90 00
Cotton hose,	2,800 00
Leather hose,	500 00
Fire alarms,	1,700 00
Engineers' lanterns,	25 00
6 hydrant gates,	20 00
1 Y coupling,	60 00
Rubber coats,	15 00
Uniforms of Steamer Co.,	225 00
Uniforms of Phoenix Hose Co.,	150 00
Uniforms Washington Hook & Ladder Co.,	190 00
Uniforms Deluge Hose Co.,	190 00
	<hr/>
	\$13,665 00

The expenses for the year will be found in the report of the Committee on Finance.

FIRE ALARM TELEGRAPH.

Location of boxes and instructions to firemen and officers.

LOCATION OF BOXES.

Box 6, Central telephone office.
Box 9, Central Square, on city hall.
Box 13, Beaver Mills.
Box 14, Water street, corner Grove street.
Box 16, Main street, corner Marlboro' street.
Box 17, Main street, corner Elliot street.
Box 23, Roxbury street, corner Beech street.
Box 24, Beaver street, corner Dover street.
Box 32, Elm street, corner High street.
Box 33, Washington street, corner Gilsum street.
Box 37, Mechanic street, corner Pleasant street.
Box 42, West street, corner School street.
Box 43, West street, near Faulkner & Colony's office.
Box 46, Court street, corner School street.
Box 52, Cheshire Railroad repair shop.
Box 53, Ralston street, corner Davis street.
Box 72, West Keene.

Each box when pulled strikes its number on all the bells in the circuit and repeats four rounds if properly pulled in. Whenever a box alarm is sounded firemen will proceed *directly to the box pulled in*, unless sooner ascertaining the exact location of the fire.

SIGNALS.

The following signals were adopted by the Board of Engineers, December 2, 1887:

1. The Superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. The signal 22 repeated on the bells is to call the firemen to their houses for further orders.

3. Two blows struck upon the bells after a fire alarm is a signal to "limber up," and recalls all firemen and apparatus to the engine houses unless specially detailed for duty.

4. In case of a serious fire the Engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows followed by the box number.

5. As box 9, which is located on city hall, is still likely to be used for a general alarm, and to be pulled for a fire which is *not* in or near the Square, the Engineers will ring in a second alarm of four full rounds from this box, if there is a fire of any magnitude near the Square.

6. The old alarm on city hall will only be rung between 9 p. m. and 6 a. m. except in case of serious fire.

7. Arrangements have been made with the Beaver Mills Co., and alarms of fire will be given on their whistle same as by the bells.

GENERAL RULES.

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, nor until a box has completed its four rounds. Two boxes cannot operate together and neither will work if two are pulled at the same time. Never pull two alarms or two boxes for the same fire. The Engineers will sound second alarms if necessary.

3. To ring in an alarm, break the glass in the key box and open the outside box door with the key. Pull down the brass crank, seen inside, *till it stops*, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the box and remove the key.

4. Remember that the firemen will come directly to the box which has been pulled. See that they are directed to the fire, if necessary.

TELEPHONE ALARMS.

Box 6, which is located in the central telephone office, is the box which will be pulled to sound all alarms of fire sent in by telephone. When this box is pulled, firemen and all others can ascertain the location of the fire from the telephone office.

Do not send a telephone alarm if there is an alarm box within reasonable distance. Box alarms are always the surest and best. Telephones can seldom be used during thunder showers; the boxes can always be used.

To send in a telephone alarm, call the central office. Tell the operator slowly first the ward, then the street and house where the fire is situated. The operator will repeat, "Fire, ward so and so, such street or house." Answer, "All right," if you are correctly understood. If the fire is in South Keene or West Keene, give the fact instead of the ward number. The operator will then leave the telephone and sound the alarm.

CONCLUSION.

In closing my report of the year I will take this opportunity, in behalf of the Board of Engineers and myself, to extend our thanks to all members of the City Government, who have in any way rendered the Department assistance during the past year.

To Superintendent Babbidge and the Commissioners of the Water Board, our sincere thanks are due for prompt information of changes in system and for the many courtesies other ways rendered.

To my Assistant Engineers, and to all the officers and members of the Fire Department, my sincere and heartfelt

thanks are due for their unselfish support, excellent deportment, devotion to duty, and for their gentlemanly zeal and efficiency, as manifested on all occasions; and may a good feeling of harmony be maintained and strengthened for years to come, and may they never forget that a good, true fireman is always a gentleman.

Respectfully submitted,

HENRY H. HAINES,

Chief Engineer.

Keene, Dec. 5, 1889.

REPORT OF
SUPERINTENDENT OF FIRE ALARM.

Keene, N. H., Dec. 1, 1889.

To His Honor the Mayor and City Councils :

I hereby present the following report as Superintendent of Electric Fire Alarm.

There has been during the year ten alarms, two of which were false.

March 26th an alarm was rung in from Box 13, which did not work perfectly, owing to the breakage of a lever in the box. This box has since been exchanged by the manufacturers free of expense to the city.

There has also been added an extra box to be used in case of breakage or accidents to those now in use.

The wires at the present time are in a very unsatisfactory condition, owing to the rotting of the cross-arms and pins, and during the present year need to be replaced with new and heavier materials. There will also be need of trimming quite a large number of trees on our principal streets, as each contact with the wires causes a loss of battery power, and in wet weather is at any time liable to prevent the sounding of alarms by cutting off portions of the circuit.

The boxes, gongs and strikers are in good condition and show no perceptible wear.

Respectfully submitted,

G. M. ROSSMAN,

Superintendent of Fire Alarm.

PUBLIC LIBRARY.

To the Honorable Board of Mayor and Aldermen:

The Trustees of the Public Library make the following report:

Dr.

To balance of unexpended appropriations for 1888,	\$195 42
appropriations for 1889,	500 00
received amount of fines and sale of catalogues,	<u>65 08</u>
Total,	<u>\$760 50</u>

Cr.

By amount expended for books and magazines,	\$522 35
amount expended for binding and repairing books, (this includes a bill for 1888,)	<u>180 35</u>
Total,	<u>\$702 70</u>

Balance,

Number of new books purchased the present year,	324
Number of gifts,	34
Number of books lost,	0
Number of books discarded,	26
Number of volumes in library Dec. 1, 1889,	7,177
Number of cards issued,	247
Number of books covered,	7,234
Largest number of books taken in one month, (March,)	2,855

Largest number of books taken in one day, Feb. 23, 247
Number of volumes issued from Dec. 1, 1888, to

Dec. 1, 1889, 23,112

We acknowledge thankfully, your thoughtful regard for the good of the Library in granting to us the proceeds from the sale of catalogues and the money received for fines. As the years go by the demand for books, especially reference and standard works is larger, and the expense of binding and repairing is necessarily much increased. Therefore, the demand upon the appropriations is like "burning the candle at both ends."

One of the great needs of our Library is a reading room, as any one can see who visits the little back corner and attempts a quiet hour of research. And any one who attempts to find a missing link in the Congressional or Patent Office reports will find exercise for all the patience of which he is possessed. And this is no fault of the Librarian, who is ever ready to aid and direct all in obtaining whatever the Library affords. But for want of room, these and other publications, like Alps on Alps arise, and though they may not reach the skies, they are too near the ceiling for practical use. In short our Library has outgrown its limited quarters, and it is far less the wish of the Trustees, than the need of the public, that its borders be enlarged and the proper conveniences added.

Our thanks are due Dr. Twitchell, Miss Ingersoll, G. A. Wheelock, Miss Lunt, W. L. Bragg, Miss Merrill, A. E. Lancaster, Mrs. S. K. Stone, and Mrs. Converse, for volumes received; also, the U. S. Goverment for eight volumes of "The War of the Rebellion."

It is worthy of note that not a single volume has been lost the last year. It would make our report too long, else we would, at length, ask your attention again to the important work the Library is doing as part of our public school system. It is here as one has aptly said, "that a free library most proves its right to be, as it shall fulfil its work as an annex to the free school."

We have to record with regret the resignation of Mr. and

Mrs. Gilbert who have been connected with the Library from its beginning, and thanks are due Mrs. Gilbert for introducing the card catalogue which has proved to be of great value especially to students.

The vacancies have been filled by Rev. L. B. Baldwin, and Miss Mary Dinsmoor. The board as it now stands is as follows: Wm. P. Chamberlain, chairman; Rev. L. B. Baldwin, clerk; Miss Dinsmoore taking the place of Mrs. Gilbert on the book committee.

MARY B. DINSMOOR.

L. B. BALDWIN.

KATE L. TILDEN.

CHARLES H. HERSEY.

M. R. OSBORNE.

WM. P. CHAMBERLAIN.

REPORT OF CITY CLERK.

To the Honorable Board of Mayor and Aldermen:

I would respectfully submit my report for December, 1888:

Received for assessments on concrete walks, \$68 47

Found in safe and supposed to have been re-

ceived by Samuel Nims for peddler's li-
cense,

1 00

\$69 47

All of which I have deposited with City Treasurer, hold-
ing his receipt for the same.

Respectfully,

MILTON BLAKE,

Ex-City Clerk.

Keene, Jan. 3, 1889.

REPORT OF CITY CLERK.

To the Honorable Board of Mayor and Aldermen:

1889.

January,	135 00
February,	183 00
March,	180 50
April,	145 00
May,	75 00
June,	40 00
August,	12 00
September,	60 00
October,	199 00
November,	67 00

Total rent for the year,	\$1,373 50
--------------------------	------------

Total paid Treasurer,	\$1,373 50
-----------------------	------------

Respectfully submitted,

Keene, December 1, 1889.

E. O. KEITH,
City Messenger.

REPORT OF CITY MARSHAL.

To the Honorable Board of Mayor and Aldermen:

GENTLEMEN.—I have the honor of presenting for your consideration, a portion of the doings, and general condition of the police department, for the financial year ending Nov. 30, 1889.

The department is composed of a force of twenty-five men. The working force has been the City Marshal and one officer detailed as night watchman; the services of special officers being called as occasion seemed to require.

Whole number of arrests has been:

Males,	86
Females,	2
Total,	<hr/> 88

Offences for which arrests have been made comprise:

Assault,	14
Assault with intent to kill,	1
Assault on officer,	1
Breaking and entering,	1
Brawl and tumult,	2
Continuing nuisance,	1
Drunkenness,	60
Disorderly conduct,	1
Larceny,	3
Obstructing railroad,	1
Peddling without license,	2
Using locomotive without permission,	1
Total,	<hr/> 88

Number of persons applying for food and lodging at the station house has been :

Males,	120
Females,	1
Total,	121

The following are a portion of the miscellaneous duties attended to during the year :

Buildings found open in night time and secured,	34
Lights left burning by mistake and reported,	15
Parties notified to remove snow from buildings,	27
Parties notified to remove snow from sidewalks,	48
Fire alarms given,	2
Nuisances reported,	10
Nuisances suppressed,	21
Value of stolen money recovered,	\$600 00
Value of stolen goods recovered,	130 00
Value of goods found exposed and returned,	100 00

In conclusion I would say that harmony exists among the members of the force, and although not large, I believe it will compare favorably with the best.

To His Honor the Mayor, I feel under great obligations for counsel, suggestions and personal favors ; also to the Board of Aldermen, Common Council, and members of the various departments of the city government, for the their courtesy and kindness extended to me during the year.

Respectfully submitted,

E. R. LOCKE,

City Marshal.

Keene, Dec. 19, 1889.

REPORT OF CITY SOLICITOR.

To the Honorable Mayor and City Councils:

There are three actions now pending against the city, viz.: *Josiah T. Colony vs. Keene.* This is a proceeding to recover damages for lowering the sidewalk in front of the plaintiff's house on Roxbury street. This matter is referred to the County Commissioners.

Joseph G. Warren vs. Keene. This is an action to recover damages for the city not doing its duty as the plaintiff claims in regard to the "Town Brook," whereby the plaintiff says he was injured.

Silas Hardy, Administrator, vs. Keene. This is a proceeding in equity to foreclose a mortgage upon land in Roxbury which the city purchased for water purposes. The city holds an indemnity from the Keene National Bank against this incumbrance, if it is found to be such, so that it will in the end occasion the city no loss in any event of the action.

At the instance of the Board of Health and agreeably to Chapter 23 of the Laws of 1887, two actions were commenced in October last in the name of the city against Dr. Henry H. Darling, to recover the sum of one hundred dollars in each suit, for not reporting to the Board of Health two cases of diphtheria upon which the defendant attended as a physician.

The first three cases above mentioned are the only cases pending in court, and the last two are made returnable to the April term of the court in 1890.

DON H. WOODWARD,
City Solicitor.

Dec. 5, 1889.

REPORT OF JUSTICE OF POLICE COURT.

To the Honorable Board of Mayor and Aldermen:

The Justice of the Police Court submits the following report for the year ending December 1, 1889.

The number of civil actions entered, 8; the number of complaints entered, 139, for the following causes, to wit:

Adultery,	2
Aggravated assault,	1
Simple assault,	21
Assault with intent to kill,	2
Assaulting officer,	1
Attempt to break, enter, and steal,	1
Being father of a bastard child,	1
Being common prostitutes,	2
Being drunk,	56
Being common drunkard,	5
Being a stubborn child,	1
Brawl and tumult,	3
Breaking and entering,	1
Continuing a nuisance,	1
Disorderly conduct,	1
Keeping disorderly house,	1
Larceny,	4
Malicious mischief,	2
Mischievously using a locomotive without consent of owner,	1
Occupying street without permission for the purpose of selling goods,	1
Peddling without license,	1
To find sureties of the peace,	1
Treating a child with gross and habitual cruelty,	1

Violating liquor law,	28
These complaints were disposed of as follows:	
Cases in which fines were imposed,	78
Persons sentenced to House of Correction,	8
" sent to Industrial School,	1
" tried and acquitted,	4
" held to furnish sureties of the peace,	3
" not prosecuted to judgment,	33
" held to answer to Supreme Court,	14
" sentenced to pay fine on complaint filed last year,	1
" who paid fines on complaints entered this year,	53
Appeals to Supreme Court,	3
Whole number of persons who paid fines,	54
Amount of fines imposed by Justice,	\$427 00
" fines imposed by Special Justice,	33 00
" fines paid to Justice for city,	335 00
" fines paid to Special Justice for city,	21 00
Number of persons committed for non-payment of fines,	11

L. W. HOLMES, Justice.

Keene, December 1, 1889.

REPORT OF OVERSEER OF THE POOR.

To the Honorable City Councils:

During the year I have furnished aid to 119 families, both city and county.

P. HOWLAND,
Overseer of Poor.

REPORT OF CITY PHYSICIAN.

To the Honorable City Councils:

I would respectfully submit my third annual report as City Physician.

During the early part of the year the number of professional calls was much increased over any previous year of my incumbency, but during the latter part the number has greatly diminished, owing to the transfer of a large proportion of the city poor to the county list.

As in previous years, the causes have been largely of a chronic nature. Notwithstanding the prevalence of diphtheria, during the fall months, throughout the city, no cases have occurred among the city poor, to my knowledge.

The usefulness of our excellent system of sewers has never been more fully demonstrated than during the present epidemic. A very large proportion of the cases have been in families where there were no sewer connections, or a connection which only carried off the waste from sinks and drains. The importance of sewer connections, where possible, is thus clearly shown.

Except in the eastern portion of the city, where the sanitary conditions were extremely bad, it has not been easy to assign to local causes, the origin of the disease, and to general or atmospheric causes the large proportion of the cases are undoubtedly due.

The greatest praise is due the Board of Health for the willing, faithful, and untiring efforts to control the spread of the epidemic; and it is undoubtedly true, that, but for their care, many more cases would have developed.

I wish to repeat the suggestion made in last year's report regarding the necessity of hospital accommodations of some

kind for accident and emergency cases. Until steps are taken in this direction, by the public or private individuals, our city will not be keeping in the line of progress it shows in other directions.

I would suggest, that, owing to the small number of poor now directly chargeable to the city, that some arrangements be made whereby all the poor, both city and county, be in charge of one person, medically, as is the care with the Overseer. By this means, many of the mistakes and complications which are constantly occurring, would be avoided, and the city and county both be benefitted.

Respectfully,

J. B. HYLAND,

City Physician.

REPORT OF HEALTH COMMISSIONERS.

To the Honorable Mayor and City Councils:

The most pleasant thing that the Board of Health has to report to you at the close of their duties of the present year, is the kind consideration the people generally have extended to them and the willingness exhibited to comply with sanitary laws. It is well that it is so, for the safety sometimes of a whole neighborhood depends upon how well they observe and comply with these regulations. Yet still there are some who feel very unhappy in being requested to comply with the law designed for the protection of health. Only one prosecution has been entered in court for not connecting premises with the public sewer, but there are a few others who have shown no disposition to connect premises with the sewer that would have been prosecuted if it had been clear that they could have easily procured plumbers to do the work.

The whole number of complaints to the Board

against nuisances during the year to Dec. 1, are	88
--	----

Last year there were	73
----------------------	----

This enumeration does not include some trivial matters of complaint. All these cases have been examined, written notices in most of them have been served by some member of the Board, and afterwards examined so far as to see if the written orders have been complied with. With the exception of a comparatively few, all these nuisances have been abated, and very many so by connecting sinks and water-closets with the public sewer. The Board has kept a record of all cases in a book designed for that purpose, and which will be passed to you for use of their successors.

The most serious part of this report is that appertaining to the ravages of diphtheria. The cases reported are as follows:

January,	o
February,	o
March,	o
April,	3
May,	7
June,	o
July,	o
August,	o
September,	25
October, (two cases of scarlet fever not included)	48
November,	27
December 5, date of this report,	2
Whole number of cases reported,	112

Deaths from diphtheria :

	Percentage of deaths to number of cases.
In April,	I
May,	I
September,	3
October,	12
November,	3

Percentage of deaths to whole number of cases for the year, 17 6-7.

There is another view worthy of consideration as showing that the disease was mostly confined to streets not having a public sewer or where tenements were not connected with the public sewer. For this purpose select the month of October when the disease was the most extensive. (The months of September and November will show like results.) The location of the disease for the month of October is as follows, viz :

	NO. OF CASES.
North st.,	No sewer,
Sullivan st.,	"
George st.,	"
Elm st., upper end,	"

West st., west of bridge,	No sewer.	3
Washington st., upper end,	"	1
Armory st.,	"	3
Baker st.,	"	1
Old Surry Road,	" (2 cases scarlet fever)	3
Church st.,	Sewer, but not then connected.	5
North Lincoln st.,	No sewer.	1
Madison st.,	"	1
Water st.,	No sewer at this place.	2
Court st.,	Sewer, but privy not then connected; in bad condition.	1
Beaver st.,	Sewer, but privy not connected,	2
Douglass st.,	No sewer at this place. Not connected.	4

Number of cases where premises were not connected, 42

NO. OF CASES.
Mechanic st., sewer, connected,
Lincoln st., sewer; recently connected by re-
quest of the Board. Nuisance not fully
abated when disease began in the family, and
cases being all in one family.
7
8
50

The above table is not designed to show how many families were afflicted, for in some families there were two and even more cases. But it does show that for a month in which the disease was in its greatest height and most malignant in form, and the percentage of deaths to the number of cases being one in four, or twenty-five per cent., the disease visited only one house actually connected and protected by the public sewer.

This showing silences the argument sometimes made against the sanitary necessity of connecting water closets and sinks with the sewer, and of the claim as it is sometimes made that the sewer gas in dwellings connected, is more detrimental to health than the original condition. It also strongly shows that when the necessary precautions are taken in families

afflicted, to obstruct the spread of the disease, those whose dwellings are connected with the sewer in wholesome surroundings can live in almost absolute safety even in a time as bad as the month of October.

In some few instances the Board has ordered bed clothing, etc., to be burned and replaced with new. Some small bills on this account will be presented in cases where the owners could ill afford to loose them.

The Board has directed suits to be begun in two instances for failure to report the existence of the disease in families attended by a physician, as will appear in the report of the City Solicitor.

DON H. WOODWARD,
A. B. THURSTON,
H. K. FAULKNER,

Board of Health.

Dec. 5, 1889.

REPORT OF
SUPERINTENDENT OF CEMETERIES.

To the Honorable Board of Mayor and Aldermen.

The following is an account of the receipts and expenditures of the Superintendent for the year ending December 16, 1889.

RECEIPTS.

Received for lots,	\$888 08
" C. S. Faulkner fund,	125 00
" Cash on Bank book,	500 00
" Tarbel Russell fund,	11 33
" Salma Hale fund,	8 65
" from Greenlawn cemetery, cash,	209 00
" for hay and grass,	20 00
" for loam sold,	6 00
" for wood sold,	2 00
" from Savings Bank to balance,	254 39
	<hr/>
Amount in bank Dec. 16, 1889,	\$2,034 45
Less amount drawn to balance,	<hr/>
	\$713 54
	254 39
	<hr/>
Remaining in bank Dec. 16, 1889,	\$459 15
	459 15

EXPENDITURES.

WOODLAND.

Paid A. Richardson, labor,	\$224 62
J. Donahue, labor,	160 75
A. G. Shakley, labor,	17 25
Knowlton & Stone, bill,	12 45
A. Trask, bill,	2 00
M. J. Sherman, cleaning ditch,	1 75
Care Salma Hale lot,	8 65
Ellis Bros., bill,	6 00
H. S. Black, care cemetery, West Keene,	2 00

	\$435 47

GREENLAWN.

Paid for labor,	\$411 57
team work, May and June,	105 00
S. H. Holman, bill stone work,	144 00
A. L. Harkness, painting,	52 25
T. A. Hastings, bill lumber,	23 24
E. D. & G. N. Hulett, painting,	42 25
team work, July and August,	239 98
E. W. Greenwood, for land,	200 00
E. O. Keith, bill,	38 68
Spencer & Co., bill,	69 87
team work, September and October,	155 75
Knowlton & Stone, bill,	11 25
S. Wadsworth, surveying,	56 14
team work, November,	49 00

	\$1,598 98

	\$2,034 45

In closing my report for the year, I would say that I have expended quite a sum of money on the road connecting the two cemeteries, and also quite a sum in Woodland annex, all of which I think will show for itself.

N. G. GURNSEY,
Superintendent.

REPORT OF CITY LIQUOR AGENT.

To the Honorable Board of Mayor and Aldermen:

The Agent for the sale of liquors submits the following report for the year ending Nov. 30, 1889.

Reported on hand, Dec. 1, 1888.

24 $\frac{3}{4}$ gallons alcohol.

J. P. WELLMAN,
Justice of the Peace.

REPORT OF PARK COMMISSIONER.

KEENE, Dec. 5, 1889.

To the Mayor and Aldermen:

In the first annual report there is little to record. The city appropriated for parks this year one hundred dollars. There remains an unexpended balance of \$48.62. I have approved bills for three hundred nursery trees, Norway spruces and cedars, to the amount of \$24.00; and bills of labor \$27.38. The items of labor were mainly for a path along the pond, and for cutting birch brush in city park. Considering that the pines in the parks may stand one or two hundred years, I have personally spent much time and labor in thinning, trimming and shaping the young growth in both the parks and children's wood. In the last named grove some attempts to please the young people by eccentric growths and intertwining and twisting of young trees have not been rightly appreciated; but such curiosities have been prematurely cut and carried off by unthinking persons.

I have thought it desirable to plant a portion of Wheelock Park with hard wood trees. The oak seems best suited to the soil. Those I planted thirty years ago in the cemetery are now in bearing, while hickories of the same age are much smaller. They were about seven feet high when planted. At my own expense I experimented with a hundred scarlet oaks, *quercus coccinea*, from Cambridge nurseries. They were two feet high and cost \$16.00. The season was dry and the experiment not sufficiently encouraging. Therefore, since so many trees will be required to fill the spaces I have designed for Woodland, I have thought it better to plant nuts and acorns instead of young trees. Accordingly I have for three years

planted many hundred of acorns, of the red, white, scarlet and chestnut oaks. They have suffered much from droughts and insects, but have done better when planted in shade. I have also tried black walnuts, butternuts, hickories, chestnuts and horse-chestnuts. I have learned that hard shelled nuts must be kept in dry sand through the Winter, and not planted till Spring. These few and unimportant items I have recorded more for my successors than for other reasons.

The special committee of which Alderman Taft was chairman has made rather more than a mile of new road in the park, and planted some two hundred hemlocks, oaks and maples.

G. A. WHEELOCK,
Commissioner.

REPORT OF CITY COLLECTOR.

WATER WORKS.

In Collector's hands, uncollected Dec. 19, 1888,	\$1,311 00
